

# SNAP CHANNEL (AIRELIGHT™ LINEAR ES 1.0)

SNAP CHANNEL (AIRELIGHT™ LINEAR ES 1.0)

## DESCRIPTION

The Airelight™ Linear ES 1.0 Snap Channel provides an optimal solution for surface mounted lighting applications. Designed to maintain the Airelight™ luminaires' slim profile look, the Snap Channel serves as a compact housing and mounting platform. The attachment clips on the Airelight™ ES model simply snap into the channel, providing for an easy installation and a secure attachment. Constructed of anodized aluminum, the Snap Channel is light weight and can be installed with screws or mounting tape, making it ideal for surface mounted and under cabinet lighting applications. Available with black or light grey finish.

Applications: Office, Industrial, Retail, Display, Under Cabinet, Task, and Residential Environments
